Subject:	Risk Assessments – Parks in Douglas

Question:

“Would it be possible to see copies of the most recent full risk assessment(s) for the children’s play parks in Douglas. I appreciate there are a good number of these so if risk assessments are undertaken per park (or the risk assessment has an addendum for each park) my area of interest is Nobles Park, Governors Hill park and the former park on the promenade.”

Response:

Please find attached the latest risk assessment which covers children’s play areas in Douglas. This is next due for renewal at the end of June 2024.
