Subject:	Cost of the 2022 Fireworks Display

Question:

What was the cost to the ratepayer of the bonfire and fireworks display held in November 2022 on Douglas Promenade.

Response:

The total cost to the ratepayer for the 2022 fireworks display was £12,420.33. Due to the tide times, there was no bonfire this year and the display was fired from a barge, which incurs an additional cost to the event. Part of this event is funded by sponsorship, the sponsorship amount has been deducted from the final cost displayed.
