Date responded:	4 <sup>th</sup> January 2023
Subject:	Cost of moving seaweed on Douglas Beach

Question:

I seek publication of the total cost of moving seaweed on Douglas Beach for each of the last three financial years, as well as the current cost for 2022 up to December 5<sup>th</sup> 2022.

Response:

The Council has reviewed your request, and is unfortunately unable to provide the information required. The Council engages a contractor to undertake the moving of seaweed as part of a wider contract that predominantly involves the sand re-profiling. Following e-mail correspondence with you to clarify the request and matter, I have provided the overall costs below.

The costs are;

*2019/20 – £18,274*

*2020/21 – £20,825*

*2021/22 - £15,776*

*2022/23 - £13,940 (as at 22/12/22)*
